DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of Group I, claims 13 and 27 in the reply filed on 01/18/11 is acknowledged. The traversal is on the ground(s) that the system according to claim 49 uses a simplified architecture, as it relies on ambient light only, while the system and method according to claims 13 and 27 use actively projected light. This is not found persuasive because the variation in the claim would pose a serious burden for search and examination.

The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

2. Claims 13, 21, 22, 27, 33-48 are allowed. The following is a statement of reasons for the indication of allowable subject matter. Regarding claims 13 and 27, the claims are allowed in light of the Applicant's amendment and arguments on pages 10-14 of the Remarks filed on 10/12/10.

Other Information/Remarks

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
